## CIRCLE OF SECURITY

Circle of Security Parenting is an early intervention programme for parents and children. It is based on decades of research about how secure parent-child relationships can be supported and strengthened. At the end of the workshop, participants will be able to:

- Understand their child's emotional world by learning to read emotional needs
- Support their child's ability to successfully manage emotions
- Enhance the development of their child's self-esteem, and
- Honour the innate wisdom and desire for their child to be secure
